QUALITY POLICY FOR ONE WOODWARD

Woodward will provide customers with outstanding Safety, Quality, Delivery, Responsiveness, and Cost (SQDRC) performance in our products and services. Each member has the responsibility to ensure that our products and services meet the quality requirements and expectations of our customers through the Woodward Lean Enterprise System (WLES) and Product Life Cycle (PLC) processes.

Continuous improvement shall be pursued in all areas of the business. We develop and implement solutions that improve SQDRC and the Woodward Quality Management System. Leadership is accountable for providing the resources and fostering an environment for innovation to achieve outstanding SQDRC.

A handwritten signature in dark ink, appearing to read 'Tom Gendron', is written above a horizontal line.

Thomas A. Gendron
Chairman of the Board, Chief Executive
Officer and President
